

This website is a basic personal portfolio developed for a university assignment. It serves to provide information related to me in an appropriate manner, e.g., informal biography, professional CV, photo gallery, and contact form. The website is adaptive, i.e., it functions properly on various devices and browsers, providing accessibility and usability.

Here are the pages screenshots:

Home

- Welcome message introducing the site
- Quick facts about studies in Informatics
- Interests: coding, politics, sports

About me — informal

Hi — I'm **Andrei Simonov**. I'm studying *Informatics* and I like building small projects, sports, and learning new things. This website is created for a university assignment.

Hobbies

I enjoy coding, sports, and reading.

More about background

I completed high school in Moldova (an experience I enjoyed) and am fluent in Romanian, Russian, and English. I have prior professional experience developing backend applications using Spring Boot.

CV

- Contact details: email, phone, location
- Professional summary as a multilingual student
- Education: Colegiul “ULIM” (2021–2025)
- Skills: Java, HTML, CSS, Git, VS Code
- Certifications: IT Specialist Certificate in Java

Professional summary

A multilingual and driven student with an excellent background in secondary school education from Moldova. I have working beginner-level technical expertise in the construction of backend software with Java and the Spring Boot platform, supported by an IT Specialist Certificate in Java. As an avid student with proficiency in Russian, Romanian, and English (IELTS 6.0), I am ready to bring my analytical and programming expertise to software development projects.

Education

- **High school**, Colegiul "ULIM", [2021 – 2025]

Skills

- Programming: Java, Python
- Web: HTML, CSS, basic responsive design
- Tools: Git, VS Code
- Languages: English (B2), Romanian (C2), Russian (C2)

Additional information

IT Specialist Certificate by Certiport on Java Language. Reading, swimming in the pool, running in the park, news and politics, economy, and country development.

Gallery

- Ten photographs of nature
- Captions for each image
- Landscapes include lakes, forests, mountains, deserts, and coastlines
- Simple vertical arrangement of images
